Meet Umeå Life Science¹⁹

6th of February 2019 • 17:30-21:00 • IVA, Grev Turegatan 16, Stockholm

"The Umeå region has proven to be an exceptionally productive source of life science businesses - many of which are international leaders in their fields. The Biotech Umeå cluster is growing and we are now looking for skilled and experienced professionals to reach the global market."

- Jennie Ekbeck, CEO Umeå Biotech Incubator

Building a strong Swedish life science sector

Meet management and representatives from 15 of the most promising life science companies in Umeå.

Join us in expanding our network of business- and management expertise in order to boost Swedish healthcare, pharma and diagnostics worldwide.
